ISSN 1116-4077

Notes for Contributors

All manuscripts should be addressed to the Editorial Office of The African Journal of Medicine and Medical Sciences, Postgraduate Institute for Medical Research and Training, College of Medicine, University College Hospital, Ibadan, Nigeria.

Manuscripts are accepted subject to the understanding that no substantial part has been or will be published elsewhere. This does not refer to abstracts of oral communications which are printed in proceedings of societies or symposia.

Authors should send three complete copies of the manuscript (maximum of 18 quarto-size typed pages including bibliography, illustrations and tables) and retain one copy for reference. In addition, authors should send 2 quarto-size stamped and self-addressed envelopes for subsequent correspondence. The Editor does not accept responsibility for damage or loss of papers submitted.

A processing fee of ₦200.00 per article will be charged authors who do not subscribe to the Journal.

Manuscripts, in English language, should be submitted typed double spaced and with at least 2.5 cm margins all around.

On a single separate sheet there must be the following: (a) title, (b) author's name and initials, (c) department/s in which the work was done, (d) the name and address of the author to whom correspondence should be addressed, (e) author's present address if different from the department/s in which the work was done, (f) if paper was presented at a meeting, please indicate name of organization, city, month and year.

Titles should be short, specific and clear. Omit phrases such as 'The use of', 'Observations on'. Authors should provide a shorter running title and up to six key-words. Manuscripts must be accompanied by a summary not exceeding 200 words. The summary will be translated into French by the journal office at a cost to the author. Currently the fee for translation is ₦200.00 non-refundable, which shall be forwarded by a bank draft to accompany the manuscript when found acceptable for publication. Figures and photographs must be submitted as glossy prints, untrimmed and unmounted. Each should be numbered with pencil lightly on the back with the top

indicated. The numbers of photographs and illustrations should be kept to a minimum. The legends for figures and tables which should be numbered with arabic numerals should appear on a separate page.

Publication of colour transparencies submitted must be paid for by the author at the time of acceptance.

All details on charts and graphs must be clearly legible when reduced to the size used in this Journal.

The onus of preparing a paper in a suitable form for publication rests with the author. The need for editorial revision of badly prepared type-scripts or diagrams may lead either to rejection of the article or delay in publication.

This Journal has agreed to accept manuscripts prepared in accordance with the Vancouver style and the Editor will consider only papers conforming to this style.

References should be numbered in the order in which they are cited in the text. At the end of the article the references should be listed as numbered in the text. Each reference should give the names and initials of all authors (unless there are more than six, when only the first three should be given, followed by *et al.*). The authors' names should be followed by the title of the article, the journal title (abbreviated according to the style of *Index Medicus*), the year of publication, the volume number and the first and last page numbers. Titles of books should be followed by the publisher, place of publication, and year. Examples of format for references are as follows:

- Edington JM, Osunkoya BO, Smith JA. Immunopathology of burkitt's lymphoma. *West Afr. Med. J.* 1986; 85: 76-87.
- Brown A. Primary Health Care and the Medical Curriculum. Edinburgh: Universities Press, 1977.
- Lewis A. Primary liver cell carcinoma. In: Ajose A, Odeku EL, eds. *Priorities in Health Planning*. Ibadan: University Press, 1983: 110-7.

Reference to tables should be in Arabic numerals, e.g. Table 3, and tables should include titles which make their meaning clear without reference to text. Tables should be typed separately

from the text.

Proof corrections are expensive and correction of proofs other than printers' errors should be kept to a minimum. Authors must return proof corrections within 3 days of receipt. Failure to do this will result in the paper being published with the Editor's corrections only.

Papers accepted for publication remain the

copyright of the Journal.

Offprints may be ordered on the printed card which will be sent to the author with the proofs.

Six journal pages will be printed at no cost to the author. Extra pages will attract page printing charges at the rate of ₦250.00 per page (approximately 3 quarto-size pages of manuscript).
